<b>FORM 9.2.</b> Instructional Planning Worksheet for Social Skills	265

## Individualized Training Plan: Generic Planning Sheet

**SPECIFY THE TARGET****WHAT** will I teach the client to do?

- ☐ Is it a functional target that is meaningful to the client and to relevant stakeholders and was developed in collaboration with the client? How will it enhance the client's life participation?
- ☐ Is the client motivated to address this goal? How can I optimally engage my client?
- ☐ Do I need to teach any prerequisite skills?
- ☐ Have I specified the component steps or skills (i.e., task analysis)? Did I work with the client to identify these steps, so that the client understands the process?
- ☐ Have I considered the learner's strengths and weaknesses that impact this target?
- ☐ Have I considered natural facilitators and barriers in the environment?
- ☐ How will I measure progress toward learning this target? What is the desired criterion?

**SPECIFY THE CONTEXTS****WHEN and HOW** will I teach the instructional target?

Therapy Frequency:	_____ / week
Session Duration:	_____ min
Therapy Duration:	_____ Sessions, Weeks, Months

- ☐ What materials do I need for stimuli to prompt the learner to practice the target?
- ☐ Is there opportunity for sufficient practice within sessions?
- ☐ Is there opportunity for sufficient practice across sessions?
- ☐ What is the plan for progressing from modeling to distributed practice?
- ☐ What is the plan for varying stimulus–response set—do I have enough examples?
- ☐ Have I planned for follow-up?

**WHERE** will I address this goal?

- ☐ Have I planned for generalization to different settings?
- ☐ How will I measure generalization, maintenance, and impact of training?
- ☐ Is someone available to support additional practice between sessions?
- ☐ How will I train this person to carry out a home program using proper techniques?

# FORM 5.1

## Client Goal and Spaced Retrieval Data Sheet (I)

Client Name: \_\_\_\_\_ Type of Therapy: \_\_\_\_\_

Date: \_\_\_\_\_

Training Phrase: \_\_\_\_\_

Information Client is Learning: \_\_\_\_\_

Longest Time Between Successful Recalls Achieved Last Session: \_\_\_\_\_

Successful Recall at the Beginning of This Session? Yes No

The numbers below represent the minutes between recall of information.  
Circle the time interval completed and indicate if the recall was correct or incorrect by placing a plus (+) or minus (-) sign in the last box.

1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32	
1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32	
1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32	
1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32	
1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32	
1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32	
1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32	
1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32	
1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32	
1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32	
1	2	3	4	5	6	8	10	12	14	15	16	18	20	22	24	25	26	28	32

## Instructional Planning Worksheet for Facts and Concepts

**WHAT** will I teach the client?Long-Term Goal: Initial Acquisition Objectives: 

(Specify target, approach, objective performance, independence, criterion, and context/conditions.)

**HOW** will I train the fact/concept?(Specify method; e.g., MVC, SR, elaboration, visualization, mnemonics, strategy training.)  

- ☐ It is a functional target
- ☐ It is customized to client
- ☐ The context is specified
- ☐ Progress measurement specified in long-term goal and/or short-term acquisition objectives

Plan to enhance client motivation/engagement: **WHEN** will I teach the target?Therapy Frequency:  / weekSession Duration:  minTherapy Duration:  Sessions,  Weeks,  Months

- ☐ There is opportunity for sufficient practice within sessions
- ☐ There is opportunity for sufficient practice across sessions

**To be used in same context or novel context?**Same context: Fixed stimuli = Novel contexts: Varied stimuli = **Nature of information to be learned**Simple: Plan for spaced presentation is Complex: Plan for massed presentation is **WHO** will implement training outside of session?

- ☐ Support person identified to provide additional practice between sessions
- ☐ Sufficient variety of people identified to provide stimuli to allow generalization

Describe plan to *train* support person/people:

FORM 6.1  
Instructional Planning Worksheet for Multistep Routines

Long-Term Goal:

Initial Acquisition Objectives:

(Specify target, approach, objective performance, independence, criterion, and context/conditions.)

Prerequisite Skills:

WHAT will I teach the client to do?

Task Analysis (List Steps)

☐ It is a functional target

☐ It is customized to client

☐ Context/antecedent specified

☐ Progress measurement specified in long-term goal and/or acquisition objectives

Plan to enhance client motivation/engagement:

WHEN and HOW will I teach the instructional target?

Therapy Frequency:        / week

Session Duration:        min

Therapy Duration:        Sessions,    Weeks,    Months

☐ There is opportunity for sufficient practice within sessions

☐ There is opportunity for sufficient practice across sessions

Turkstra for personal use only (see copyright page for details). Purchasers may download a larger version of this form from the book's page on The Guilford Press website.

List materials needed to elicit routine and plan for varying stimuli with sufficient examples:

What is the plan for progressing from modeling to distributed practice?

**WHO** will help training outside of session?

- ☐ Support person identified to provide additional practice between sessions
- ☐ Sufficient variety of people identified to provide stimuli to allow generalization

Describe plan to train support person/people:

**WHERE** will I address this goal?

- ☐ There is a plan for generalization to different settings
- ☐ Measures of generalization across settings are incorporated into long-term goal

**FORM 7.6**  
Follow-Up Form to Collect Maintenance Data

Date: \_\_\_\_\_  
\_\_\_\_\_ week follow-up

Dear \_\_\_\_\_,

This purpose of this letter is to check in and see how \_\_\_\_\_ is working. Please use the rating scales to indicate how much help is currently required to use the tool(s) learned in rehabilitation in comparison to how much you anticipated needing to assist, in addition to rating the frequency of use. Thank you for completing the information and returning this follow-up letter so that we can track recovery and outcomes.

Level of Independence	Expected Level of Independence	Frequency of Use	Comments

**Independence Rating:**

- 1 = Unable
- 2 = Lots of help
- 3 = Occasional help
- 4 = Reminders only
- 5 = Independent

**Frequency of Use:**

- 0 = Never
- 1 = One time a week
- 2 = A few times a week
- 3 = Most days

Please call \_\_\_\_\_ if you have any questions or would like reminders about training or would like to schedule a follow-up visit.

Copyright 2011 by The Guilford Press. All rights reserved. Permission to photocopy this form is granted to purchasers of *Optimizing Cognitive Rehabilitation: Effective Instructional Methods* by McKay Moore Sohlberg and Lyn S. Turkstra for personal use only (see copyright page for details). Purchasers may download a larger version of this form from the book's page on The Guilford Press website.

**FORM 8.1**

# Instructional Planning Worksheet for Strategy Instruction

Long-Term Goal:

Initial Acquisition Objectives:

(Specify target, approach, objective performance, independence, criterion, and context/conditions.)

**WHAT** will I teach the client to do?

Strategy (List Steps)

Strategy (Checklist)

- ☐ Strategy addresses identified need(s)
- ☐ Client has sufficient insight/awareness
- ☐ Strategy is customized to client
- ☐ Context/antecedent specified
- ☐ Progress measurement specified in long-term goal and/or acquisition objectives

Plan to enhance client motivation/engagement:

(cont.)

Copyright 2011 by The Guilford Press. All rights reserved. Permission to photocopy this form is granted to purchasers of *Optimizing Cognitive Rehabilitation: Effective Instructional Methods* by McKay Moore Sohlberg and Lyn S. Turkstra for personal use only (see copyright page for details). Purchasers may download a larger version of this form from the book's page on The Guilford Press website.

**WHEN and HOW** will I teach the strategy?

Therapy Frequency: \_\_\_\_\_ / week  
Session Duration: \_\_\_\_\_ min  
Therapy Duration: \_\_\_\_\_ Sessions, Weeks, Months

- ☐ There is opportunity for sufficient practice within sessions
- ☐ There is opportunity for sufficient practice across sessions

List materials needed to elicit strategy use and plan for varying stimuli with sufficient examples:

What is the plan for progressing:

**FORM 8.2**

**Data Sheet for Measuring Strategy Knowledge**

Knowledge Questions	DATE					
What is the name of your strategy?						
Describe the steps in your strategy						
What are examples of when you would use your strategy?						
How can your strategy be useful to you?						
M = Modeled—presented entire answer A = Assisted—gave partial response I = Independent, no cues

**FORM 9.2**  
**Instructional Planning Worksheet for Social Skills**

**WHAT** will I teach the client?

Long-Term Goal:

Initial Acquisition  
Objectives:

(Specify target, approach, objective performance, independence, criterion, and context/conditions.)

**HOW** will I train the skill?

(Specify method; e.g., MVC, SR, elaboration, visualization, mnemonics, strategy training.)

- ☐ It is a functional target
- ☐ It is customized to client
- ☐ The context is specified
- ☐ Progress measurement specified in long-term goal and/or short-term acquisition objectives

Plan to enhance client motivation/engagement:

**WHEN** will I teach the target?

Therapy Frequency: \_\_\_\_\_ / week

Session Duration: \_\_\_\_\_ min

Therapy Duration: \_\_\_\_\_ Sessions,    Weeks,    Months

- ☐ There is opportunity for sufficient practice within sessions
- ☐ There is opportunity for sufficient practice across sessions

**To be used in same context or novel context?**

Same context: Fixed stimuli = \_\_\_\_\_

Novel contexts: Varied stimuli = \_\_\_\_\_

**Nature of information to be learned**

Simple: Plan for spaced presentation is \_\_\_\_\_

Complex: Plan for massed presentation is \_\_\_\_\_

**WHO** will implement training outside of session?

- ☐ Support person identified to provide additional practice between sessions
- ☐ Sufficient variety of people identified to provide stimuli to allow generalization

Describe plan to *train* support person/people: \_\_\_\_\_
